## MERLOT

### NAPA VALLEY

**Grape Source:** 100% sourced from premium vineyards across Napa Valley.

**Vinification Process:** The 2023 vintage benefited from ideal growing conditions, including a long, cool climate following a wet winter and spring. This led to healthy soils and a mild summer with temperatures around 72-75°F, allowing for slow and even grape development and extended hang time, with harvest occurring into November.

**Fermentation Method:** Grapes were carefully harvested and destemmed, followed by optical sorting to ensure only high-quality berries are used. Fermentation began in controlled tanks with a selected yeast strain, lasting two weeks with managed temperatures and pump-overs for optimal extraction. After pressing, malolactic fermentation occurred in stainless steel, followed by one year of aging in oak barrels for added complexity and integration of flavors.

**Flavor Profile:** Our Napa Valley Merlot has aromas of ripe blueberry, luscious blackberry, and a touch of cocoa. On the palate, notes of plum intertwine with hints of brown sugar and vanilla.

**ENJOY WITH:** ribs, sausages & vegetables
