## CABERNET SAUVIGNON

### NAPA VALLEY

**Grape Source:** 100% of the grapes were sourced from premium vineyards throughout the Napa Valley.

**Vinification Process:** Our 2023 vintage Napa Valley Cabernet Sauvignon underwent a meticulous vinification process designed to capture the essence of the terroir and the unique characteristics of the grapes. Hand-harvested at optimal ripeness in late September to early October, with only the finest fruit selected for use. The grapes were gently crushed and destemmed, preserving whole berries to minimize excessive tannin extraction.

**Fermentation Method:** Utilized premium selective yeast and malolactic bacteria, with both primary and malolactic fermentation completed in stainless steel tanks.

**Flavor Profile:** The Cabernet Sauvignon contributes an herbal character and robust mid-palate tannins, finishing with an elegant oak influence after 20 months of aging in 80% French oak and 20% American oak barrels, with a mix of medium and medium-plus toast levels, excluding toasted heads.
